## Hygiene Hampers: Kits for Refugee Families

With the great success of the regional “Pack A Purse” project in 2016, the Volunteer Action Centre along with the United Way Cambridge and North Dumfries, is continuing hygiene collection efforts – this time in support of refugee families.

We are happy to speak with representatives, clubs, and classrooms to explain the positive impact this project has on refugee families, in addition to providing guidance on how to run a collection drive.

The Volunteer Centre are collecting items now until June 3, 2017.
